13.	Brief Description of project		<p>The IT/ITES industry is one of the fastest growing industries in the world. This sector could contribute to transform a labor-based economy into a knowledge &amp; capital-based economy. Our local IT companies are providing IT/ITES service to local &amp; foreign markets and contribute to Bangladesh economy significantly. Now there are about 1000+registered IT companies including some unregistered IT companies are also working in this field. These companies are earning around \$1000 million dollar per year. Recently freelance &amp; IT professionals are growing fast in Bangladesh. These professionals are providing IT/ITES services to local &amp; foreign clients and earns lots of money. In this regard for achieving Vision 2021 and implementing ICT policy is essential to develop world-class conducive business environment for IT/ITES business. The proposed project will create conducive business environment for IT/ITES business. The objective of this project is to create IT business environment to attract local and foreign companies for operating IT/ITES industry in Bangladesh; establish standard IT/ITES/BPO hubs; establish basic infrastructure for IT Parks; develop skilled manpower and creation of employment opportunities.</p>
